

VOLUNTEERS NEEDED!

The Museum of Medical History is dedicated to preserving and interpreting the history of medicine while helping visitors appreciate how far science and healthcare have advanced. Our volunteers are an essential part of that mission. Whether you enjoy working with people, researching history, organizing collections, or creating engaging content, there are opportunities to match your interests and skills.

Museum Education & Tours

- Lead guided museum tours for schools, community groups, and visitors
- Present lectures on medical history topics
- Assist with educational programs and demonstrations

Collections & Research

- Catalog medical artifacts and historical materials
- Research artifact history and exhibit content
- Conduct oral history interviews with physicians and community members
- Sort, organize, and inventory museum collections

Exhibits

- Help clean and maintain exhibit spaces
- Improve existing exhibits
- Assist with exhibit planning, development, and installation

Photography & Media

- Photograph museum artifacts, exhibits, events, and volunteers
- Capture images for publications, marketing materials, and the museum website
- Assist with documenting new acquisitions and exhibits
- Help create social media content, including photos, videos, and historical features

Outreach & Events

- Represent the museum at community outreach events
- Assist with museum open houses and weekend programs
- Support special events and educational activities

Communications

- Write articles for newsletters, blogs, or educational publications
