## Professional Learning Services

### STAKEHOLDER PRESENTATIONS: Buy-in and first steps.

C.A.R.E. is excited to offer a comprehensive presentation that highlights all the reasons why your school or organization would benefit from having an esports team. Our presentation will showcase relevant and compelling data that demonstrates the positive impact that esports can have on students, both academically and socially.

In short, our presentation will equip you with the knowledge and tools needed to make a compelling case for why your school or organization should consider implementing esports teams, clubs, and courses. With our support, you can help your students unlock the many benefits of esports, from improved academic performance to increased social connectivity, attendance, and beyond.

**COST:**

**\$500**

Plus mileage for under 100 miles.  
Travel expenses are additional if  
more than 100 miles.

## Implementation Planning

C.A.R.E will co-develop a district plan for the establishment of a successful, sustainable esports program. Participants will learn about esports and its application to K-12, as well as how to address common challenges and pitfalls.

Participants will explore topics such as college and career connections, curriculum development, starting and running clubs and teams, building a district leadership team, game selection, infrastructure design, securing community stakeholder support, and more. At the end of our time together, you will have a solid plan to move forward with.

**COST:**  
**\$1000**  
PER DAY

## Summer Camp Development and Execution

C.A.R.E. is thrilled to offer our expertise in organizing and leading esports summer camps to help ensure that your school's esports team or club is up and running before the start of the school year. Our goal is to provide a fun and engaging experience for kids while also helping your team or club thrive.

During our time together, we will help organize and lead the preparation of the summer camp, including designing daily lessons and activities that will be both fun and educational for the participants. We will also provide training for the person who will be leading the camp and club to ensure that they are fully prepared to supervise and engage the participants.

We understand that the success of the summer camp and the overall esports program depends on thorough preparation, which is why we will spend three days ensuring that everything is organized and ready for the summer camp to begin.

With our expertise and support, we're confident that your esports summer camp will be a huge success and that your team or club will thrive in the coming school year.

**COST:**  
**\$2000**

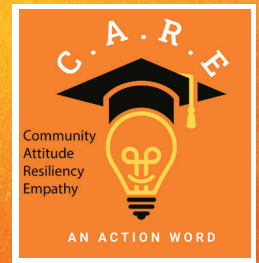

Plus mileage for under 100 miles. Travel expenses are additional if more than 100 miles.

## Coach Design Institute

Our 2-day Esports Coach Development Institute for new coaches is a specialized training program designed to provide comprehensive coaching education and training to individuals new to Esports.

The goal of an Esports Coach Development Institute is to provide coaches with the foundational knowledge and skills needed to coach esports teams effectively and facilitate clubs. This includes coursework on the basic principles of coaching, esports strategy and analysis, leadership and team management, and communication and interpersonal skills.

Esports Coach Development Institute also provides specialized training and offers workshops and seminars on topics such as player psychology, nutrition, and mental health.

**COST:**  
**\$2000**

Plus mileage for under 100 miles. Travel expenses are additional if more than 100 miles.
