37 - 39 CHEVY FIREWALLS & TECH INFO, COWL VENT FILLER, COWL REPAIR, & ROCKER PANELS

The Set-Back Information Provided on This Page Is For your Information

These references are to help you decide which firewall kit will best fit your particular application. There are many factors which will affect your choice of kits; engine set-back, radiator core thickness, air conditioning or super chargers. You need to determine the length of the engine package you intend to install & then figure out the distance you have from the back of the radiator core to the stock or existing firewall. To do this you will know how much extra room or set-back you will need. The firewall only fits in one place in the body, but your engine can be moved forward or backward as much as needed to obtain proper clearances. If you have any questions, please call our customer service dept. @ (928) 420-6346.

737105 37-39 CHEVY FIREWALL Small Block

\$404.80

737107 37-39 CHEVY FIREWALL Big Block

\$418.00

Measure the set-back from the face of the firewall back as illustrated.

737105 1937-39 CHEVY FIREWALL (2" SET-BACK) Small Block

737107 1937-39 CHEVY FIREWALL (4" SET-BACK) Big Block

NOTE: These firewalls are designed for the most popular engine-transmission conversion which is Chevy engine & GMC turbo transmission. Any other engine installation (Ford, Mopar, etc.) may require rework of the bell housing area of the firewall.

737133 CHEVY INNER COWL REPAIR KIT - RH

\$108.90

737134 CHEVY INNER COWL REPAIR KIT - LH

\$108.90

Any vehicle's body is only as strong as it's inner structure. It does not pay to take new sheet metal & put it over the top of an old rusted sub-structure. Before you put your new floorboards in, make sure your inner structure is solid. For the rusted out inner cowl areas, we make an inner cowl repair kit that is a must before you install a nice floor. RH or LH can be purchased separately.

737200 CHEVY COWL VENT FILLER

\$26.40

Tired of your original cowl vent leaking water or pulling dust, smoke, etc.? Do you just want to smooth up the cowl area? Bitchin Parts, makes a filler panel that might be just what you need. These 16 gauge steel filler panels come just a tick larger so they can be tuned for the perfect fit. The also have a beveled edge so the weld area is down, making it easier for a flush fit.

737111 ROCKER PANELS Coupe, 2-Door Sedan or Sedan Delivery - RH
737112 ROCKER PANELS Coupe, 2-Door Sedan or Sedan Delivery - LH

\$176.00

737201 ROCKER EXTS. 4-Door Sedan - RH
737202 ROCKER EXTS. 4-Door Sedan - LH

\$88.00

Typically if the floorboard goes, so do the rockers & if the floor goes, the body mounting brackets do too. Bitchin Parts, Inc.® makes Rocker Panel Kits that come w/ both the Inner & Outer rockers. Extensions can be added.

4-Door Sedan
Rocker Panels - #737111 & 737112
Extensions - #737201 & 737202

37 - 39 CHEVY FRONT & REAR FLOORBOARDS & TECHNICAL INFORMATION

The 1937-39 Chevy floorboards were designed & built in sections for the ease of installation & to allow the customer to purchase sections that you need. The illustration (below) shows the typical 37-39 floorboard kit breakdown. The Sedan floor comes in (4) basic kits. The coupe has (3) basic kits. The Bitchin Parts, Floorboard Kits are made of 16 gauge cold rolled steel & the formed parts are 18 gauge. Each kit comes complete with step-by-step instructions.

737100 CHEVY TRANNY COVER

If you want to use your old firewall & floorboards, but have a problem with the automatic transmission cover not clearing the tranny, Bitchin Parts, makes an 18 gauge cold rolled steel transmission cover & it's a direct bolt-in part & will clear the auto transmission with ease.

737126 CHEVY FRONT FLOOR KIT Small Block

This kit is used with Bitchin Firewall 737105

737129 CHEVY FRONT FLOOR KIT Big Block

This kit is used with Bitchin Firewall 737107

737118 CHEVY FRONT FLOOR KIT Universal

This kit is used with your Stock Firewall

We manufacture rear floorboard kits for Sedans & Coupes. Bitchin Parts kits have been designed to make your car more adaptable to the modern seats & drive trains. They will splice right into our front floorboard kits so you have a new floor from the firewall to the start of the trunk floorboard. All Kits complete new body mounting brackets & instructions. For technical questions, please call (928) 420-6346.

737141 CHEVY REAR FLOOR KIT Sedan - Section 1

737146 CHEVY REAR FLOOR KIT Sedan - Section 2

737175 CHEVY REAR FLOOR Coupe

NOTE ON COUPE FLOORBOARD KIT - (1 kit) From the rear of the Bitchin Parts Front Floorboard Kit to the front of the trunk compartment. This kit has been redesigned to give you a nice flat floorboard from front to rear, making it easier to install the seats of your choice. Made of 16 & 18 gauge cold rolled steel.

37 - 39 CHEVY TRUNK FLOORBOARDS

Bitchin Parts makes (3) kits for the Sedans & (2) kits for the Coupes. The 1937 Sedan frame rail is shaped differently than the rail in the 1938-39 Sedans (making the floor where the gas filler neck is located unique in the 1937 models). After surveying several car builders throughout the country, we found that most people like to remove the gas tank from inside the car & use a Sedan type in the rear. Therefore, we designed our Coupetrunk floor higher like a Cabrioletso you can mount a tank under it like a Sedan. This removes a dangerous situation from inside your car & gives you extra room. Each kit is made of 16 gauge steel & comes complete with step-by-step instructions.

Group 42	901020	\$121.00
Group 71	901006	\$121.00
Optima Box	901040	\$121.00

Mounting a battery in a street rod has always created problems, some major and some minor. Our battery box kits will solve most of the problems. The universal mounting brackets supplied with these kits allow you to choose the mounting method which best suits your application, including flush floor mounting, side mounting, or halfway through the floor for extra ground clearance. We offer three kits. The positive battery hold down, adequate ventilation & cable protection give added security to your battery installation.

Group 42: 9 3/4 L x 7 W x 7 1/2 H

Group 71: 8 1/2 L x 7 1/4 W x 9 1/4 H

Optima: 10 1/2 L x 7 1/4 W x 8 1/2 H
