2.5 Tog TENCEL™ Sleep Bag

Oh My Gosh! THE BEST!

This is the best, most soft, comfortable, cozy sleep sack! I wish we had these in adult sizes! The zipper is smooth, the material is next level soft! My son absolutely loves these sleep sacks.

Muslin Quilt

Not Your Typical Blanket!

THIS is the most uniquely designed baby/toddler blanket my family has ever seen! The design is beautiful and honoring of our USA! The colors are in the sweetest soft hues! You've outdone yourself with this design Loulou Lollipop!!
Debra

Safari Jungle Bodysuit and Hat

Beautiful outfit.

I purchased the Safari Jungle Bodysuit and hat as my son's first outfit to come home from the hospital. The quality and feel of the material are beautiful. It washed wonderfully in cold water. I can't wait for my lil one to wear it once he arrives.

Lindsay

Muslin Swaddle

Beautiful

Gorgeous and such high quality! I have washed numerous times with no fading or loss of softness. This is my favorite swaddle we own.

Alissa

Hooded Towel

Love the size of the towel and washcloth. The size of the towel is perfect for toddler up to big kid and the quality is amazing so we can get a lot of use out of this towel. I also liked how it came as a set with a washcloth which was also nice and large and could even be used as a burp cloth for smaller babies. Overall, I am very happy with my purchase!

Katie

Fitted Crib Sheet

Best sheets ever!

These sheets are super cute & insanely soft. Our little one has very sensitive skin & these sheets are magical for her. We love the prints & can't wait until she's old enough to pick out what sheet design to use next. I believe we are going to be getting the crib sheets from the new ramen collection next!

Our Materials

At Loulou Lollipop, we believe in creating a better world for future generations. That's why we're committed to sustainability throughout our entire process. The ultra-soft feel of our TENCEL™ and Muslin fabrics and the premium-quality Food-Grade Silicone used in our products are just as important to us as the gentle impact our production has on the planet.

Our TENCEL™ Lyocell

- 🌱 **Sustainable:** TENCEL™ Lyocell is a biodegradable fiber derived from sustainably sourced wood pulp of the Eucalyptus tree. Our Tencel Lyocell products are produced in a Oeko-Tex Standard 100 certified facility and are all tested to the Oeko-Tex Standard 100, the gold standard for textile and apparel quality and safety. You can be confident that every component of this article, i.e. every thread, button, and other accessories, has been thoroughly tested and does not contain anything that could be harmful to your baby.
- 🌡️ **Temperature Regulating:** TENCEL™ Lyocell has excellent thermal regulating properties that keeps your baby cool in the summer and warm in the winter, ensuring year-round comfort.
- 👉 **Unmatched Softness:** TENCEL™ Lyocell uses Eco-Soft technology that's exquisitely soft on baby's delicate and sensitive skin.
- 😊 **Gentle on Sensitive Skin:** Hypoallergenic TENCEL™ Lyocell is perfect for delicate skin, minimizing irritation. According to the National Eczema Society, it is one of the best fabrics for babies with eczema.
- 🏆 **Long-lasting Quality:** Unmatched strength and softness, the best of both worlds! Our fabric offers superior strength for everyday adventures, yet remains remarkably soft.
- 🧺 **Easy-care:** Machine washable and dryer-friendly, saving time on laundry so you can focus on what matters most – spending time with your little one!
- 🧵 **Thoughtful Design:** Featuring a tag-free care label, zipper guard, hidden seams and flat seams to prevent irritation. Designed with baby's well-being in mind.
- ✂️ **Mix and Match:** Offered in on-trend prints and solids, making mixing and matching easy.

Our Muslin

- 🌱 **Sustainability and Quality:** Our muslin products are made with 70% rayon from bamboo and 30% cotton. They are produced in a Oeko-Tex Standard 100 certified facility and are all tested to the Oeko-Tex Standard 100, the gold standard for textile and apparel quality and safety. You can be confident that every component of this article, i.e. every thread, button, and other accessories, has been tested to the highest standards and does not contain anything that could be harmful to your baby.
- 👉 **Unmatched Softness:** The softest muslin fabric you'll ever find, for the best snuggles.
- ✅ **Strong:** Our ultra soft quilts have 4-layers of muslin fabric that will make naptime a breeze. Designed to be gentle on baby's delicate skin without sacrificing durability.
- ⚙️ **Perfect for Warmer Months:** Luxuriously soft and breathable, our muslin sleep bags keep your baby cool and comfortable during warm weather.
- ✂️ **Adorable Prints & Designs:** Spark joy with every cuddle! Choose from a delightful range of cute and playful prints to make snuggle time extra special.

Our Silicone

- 🌱 **Safe for Baby and Planet:** Our silicone is rigorously tested for safety and quality. It is free of BPA, PVC, phthalates, lead and cadmium and has no gel-filling. Our inks are not applied on the silicone but are injected into the silicone as part of the manufacturing process. The inks are 100% water-based and food safe. Our silicone is derived from natural silicone found in sand, and the manufacturing process we use meets the highest environmental standards.
- 🏆 **3rd-Party Lab Tested:** Each toy and tableware is rigorously tested by a leading third-party laboratory, ensuring they're completely safe for your little one.
- 🗑️ **LFGB Silicone:** LFGB is the most stringent standard for silicone products in the world. Based on the German standard, it was created specifically for silicone used for serving and eating food and is perfectly safe to eat with, drink with, chew or suck on. It is manufactured specifically to protect the integrity of the silicone from exposure to any food substance. This type of silicone material must pass more intensive testing, is of better quality and is, therefore, more expensive. It is also known as 'Platinum Silicone'.
- ✅ **FDA Food Grade Silicone:** For our products that are not meant to come into contact with food (teethers, toys and clips), we use FDA Food Grade Silicone. FDA Food Grade Silicone is tested to a stringent standard and designed for silicone that is used for serving and eating food and is perfectly safe to eat with, drink with, chew or suck on.
- 🧼 **Easy to Clean:** Dishwasher, sterilizer, microwave and freezer safe. Silicone is naturally resistant to bacteria and mold.
- ✂️ **Fun & Cute Designs:** Our designs are made with cuteness in mind! They are made to be memorable, fun, colourful, yet soothing and pleasing.

What is TOG Rating?

Dressing Your Baby For a Good Night's Sleep.

TOG (Thermal Overall Grade) is a unit of thickness or insulation, and you'll find it on most baby sleep bags, including Loulou Lollipops!

TOG measures how well a sleep bag does its job of keeping baby warm or cool, while also taking into account the type of material a sleep bag is made of, as different materials have different thermal regulation properties and different levels of thickness.

TOGs range from 0.5 to 4.0, so it's important to assess your child's room temperature, and to keep in mind that each baby is an individual so guidelines about what to dress your baby in under their sleep bag are just that - guidelines. You will need to determine what is right for your individual baby in your individual home.

Here, however, are some general recommendations:

0.5 TOG

for room temp of 24-27 degrees Celsius (75-81 Fahrenheit). Baby may need only a short-sleeved onesie or even just a diaper under the sleep bag in this environment.

1.0 TOG

for room temp of 23-24 degrees Celsius (72 - 75 Fahrenheit). You may consider a long-sleeved onesie under the sleep bag in this situation, if you feel baby's arms may be chilly without.

2.5 TOG

for room temp of 17-19 degrees Celsius (64 - 68 Fahrenheit). Baby may need a footed PJ under their sleep bag in these chillier temps.

Keep in mind that the ideal temperature for sleep is considered to be 18-20 degrees C.

But, of course, this isn't always possible to achieve (for example, if you live in a warm climate and do not have air conditioning). So, it's helpful to keep guidelines in mind when dressing baby, especially in warmer temperatures.

Also remember that, if dressed properly for sleep, baby's stomach and chest should feel warm and dry (not clammy, sweaty or cold)

And, if the temperature of your home changes throughout the day (which it does for most homes), or from season to season, consider dressing baby for sleep in different clothes or different TOGs of sleep bags for daytime and nighttime sleep.

	0.5 TOG	1 TOG	2.5 TOG

Divided Plates

Tame toddler messes with our new divided plate! It features a **STRONG** suction base that sticks to most tables and highchairs to prevent slips and spills. The tight-fitting lid with an adorable alligator handle makes it easy to store and heat meals—going from fridge to microwave with ease. Designed for animal lovers 18 months and up, the plate includes three separate sections to encourage food group variety and appropriate portion sizes. Choose your favorite color and dig in.

Snack Bowls

Prevent turning the mealtime into a zoo with our smartly designed, non-slip, and unbreakable silicone bowl! Featuring a **STRONG** suction base that sticks to most tables and high chairs, our silicone bowl stays put to prevent slippages and spills.

Cups with Straws

Transitioning from bottles to cups is easy with our silicone cup with lid and straw! Toddlers can use the cup with or without the straw. The soft silicone straw helps support baby-led weaning, and drinking from an open cup supports healthy oral and speech development.
