

embé[®]

The world's first Legs-in
and Legs-out swaddle

Product Line Sheet

embé® Swaddle Collections

embebabies.com

 embebabies

All embé swaddles feature our patented Legs In/Legs Out revolutionary design that allows baby to be cooled down or warmed up without unswaddling and disturbing their precious sense of comfort and security. In addition, our Transitional SwaddleOut also offers baby the option to have one or both arms in or out, allowing for a gradual transition to sleeping unswaddled.
