happy teething™

NATURAL RELIEF • SAFE • EFFECTIVE  
LAB TESTED FOR SAFETY COMPLIANCE | GIA CERTIFIED BALTICAMBER  
COLLECTIONS FOR THE WHOLE FAMILY

**BALTICAMBER** anti-inflammatory + soothing  
Baltic amber is fossilized resin produced by Northern European trees from 50 million years ago. Now found in the Baltic Sea, it has been used for centuries in Europe, for a variety of ailments. Releasing small trace amounts of succinic acid, Baltic amber's anti-inflammatory and therapeutic properties are recognized by allopathic medicine, as a natural analgesic.

**HAZELWOOD + HAZELAMBER** alkaline + soothing  
Historically, First Nations People of Canada used Hazelwood as a gentle & natural form of relief for their teething children. Overtime, we discovered & learned to appreciate Hazelwood for its soothing properties. In constant contact with skin, the fresh wood (cream colored in appearance) will oxidize overtime as it is absorbing excess acidity. Peeling is normal, but it is best to keep hazelwood out of water.

**CERTIFIED BALTICAMBER + GEMSTONES** anti-inflammatory + mantras

- amethyst - I am strong, I am zen
- jasper green - I am courageous, I am wise
- tender rose quartz - I am peaceful, I am fulfilled
- turquoise - I am calm, I am serene

**AROMA-AMBER** aromatherapy for your little love  
Naturally porous, the Lava stone absorbs your favorite essential oils, creating a subtle aromatic experience for your baby. Paired with the soothing & anti-inflammatory properties of our Balticamber, it is the perfect way to comfort and soothe your little one.

**NOTE:** Please refer to our website for more information.
