

Why TENCEL™?

Our premium apparel collection & heavyweight sleep bags are made exclusively from TENCEL™ Lyocell, a fabric chosen for its sumptuously soft texture and superior sustainability.

SO SOFT, GREAT QUALITY

"Got this for my baby and it did not disappoint. Quality is great and buttery soft, sustainable material. Sizing is spot on for extended wear."

- Kai

WASHES AND WEARS GREAT

"I love this fabric - so soft for the baby and keeps it's shape and size even after washing. Love these clothes!"

- Mandy J.

SOFT, DURABLE, QUALITY

"Wish I found these when my boy was smaller. They don't stretch out and stain like most bamboo sleepers, but still come in a lot of fun colors. Definitely worth the price for the quality"

- Katherine J.
