“Let me photograph
you the way your
loved ones see you.”

—Chelsea Williams

I am a makeover portrait photography brand.

Portrait photography has changed so much since the 80's glamour style portraits. Today, it has become more "Fashion Magazine Style". What I offer is a celebrity-style photoshoot experience with fully styled hair, makeup, and clothing however you want to be photographed and whoever you want to be photographed with.

THIS IS A CELEBRITY-STYLE PHOTO SHOOT EXPERIENCE!

When was the last time you were professionally photographed?

When you come in for a consultation we will plan and design a photo shoot that you want—that you've dreamed of. My team of professional makeup artists and hair stylists will give you a full makeover and give you any level of glam that you want to be. We have you bring up to five outfits for your photoshoot and help you style them. And, if you do not have five outfits to wear, during the consultation we can style a wardrobe for you from what we offer in our studio.

We can also help you find outfits to rent or buy online. I can even make and design gowns for your shoot! I have crafted headpieces, neck pieces, dresses, tulle skirts for many of my clients. So whatever you can think of—that is what I will create for you.

Who would you like to be photographed with?

Enjoy this photo shoot with your mother, sister, daughter, best friend, husband, or partner. You can plan it as a "Girls Day Out" with champagne and hors d'oeuvres. We can create an incredible shoot for you and your daughters where the guys show up at the end for family portraits. You can share this experience with your Mom and Grandma. I've photographed three and four generations together. And he best part, you can go out that night and "paint the town red" because you are all going to look and feel fabulous!

"You owe it to yourself to become
everything you've ever dreamed of being."

THE REVEAL

The final part of your portrait session is your reveal. This is when you come back to the studio and you get to see portraits printed, up on the wall, and decide what you want to buy. Depending on the portrait session you choose you will receive 30 portraits. You can purchase a gold box and place all your images into it for safe keeping or you can choose to have your images printed as a combination of the two.

My products will be on hand at your reveal to look at and touch. We can even design a beautiful gallery wall to display in various enlargements sizes complete with your choices of vintage frames in white or gold. What you buy is entirely up to you. My job is simply to take the most beautiful portraits you have ever seen of yourself that you want to buy them all!

Mother & Daughter Portraits

These photographs will become some of the most valuable things that you and your family will ever own! Create priceless family heirlooms with a mother and daughter portrait session. Schedule a session to celebrate your beautiful relationship.

Get all dressed up and have your hair and makeup done. Create something that you and your daughter, mother or sister will cherish for the rest of your lives. As well as enjoy spending an amazing day together making memories!

“Behind all your stories is always your mother’s story, because hers is where yours begins.”

Amie Balesky

"My name is Amie Balesky and I am a Mom, wife, Daughter, Social Media personality, and a Professional Medium. Which means I talk to dead people professionally. How did this happen? I was always a happy bubbly and quirky child that loved life and dinosaurs. When I turned 5 I was diagnosed with Cancer. Wilms tumor it was called. It caused me to lose my right kidney among little bits of other organs. It also took the life of my best friend at the same time. His name was Blake and he was and still is my hero. My Mother never let me go to his funeral. She wanted to shelter me from death at 5 but I always "felt" him around me. As I grew up I was just a bit different. I would be able to tell people what was going to happen in their lives including predicting the death of my paternal Grandmother. My Father being an Officer in the US Airforce and my Mother being a professor of Mathematics this was a little weird for them. They accepted it though. At 26 I found out that I had a genetic illness called Ehlers Danlos Syndrome. I was told that I needed 16 surgeries to save my life including getting the use of my legs back. I had lost the use of my legs when I was 21 due to my brain stem being crushed by my illness. After 3 years of absolute medical craziness, 3 more near death experience due to surgeries, and one divorce, I was more spiritually connected than ever. I would see and feel things deeper than I had ever been able to. My gift grew. I was working as a software developer at the time while also doing my mediumship when I met my current husband.

He is a wonderful man that was frightened and amazed by my gift. He and his family told me that I need to get on TikTok which at the time was a very new platform. I agreed and with in a year I had 1 million followers. Now 3 years in I teach people how to be at one with themselves, I give readings to clients all over the world, I speak with celebrities, and have lunch with motivational speakers. I bring hope, peace, and closure to thousands of people while staying true to my self and spirit. Due to my illness my life will be cut short. The max expectancy is 54 due to the effect it has in my arteries. I live every day to the fullest, I live with kindness and love. Life is an adventure and it is also a gift. I have walked through the valley of the shadow of death and I do not fear evil because the light/God is with me and all of us. Love every moment.

“We do not need magic to transform
our world. We carry all of the power
we need inside of ourselves already.”

-J.K. Rowling

Something I hear a lot as a photographer is that “it would be vain for me to put a portrait of myself up in my house.” My response is always the same. When you have your hair up in a messy bun, you haven’t showered and you feel overwhelmed. You can at least look at the portrait of yourself on the wall and remind yourself who you are! That whatever day or week your having is a phase and you are truly an amazing person. It is not **VANITY** to keep a portrait of yourself on the wall its **SANITY!**

“Having a beautiful portrait of yourself on the wall is visual positive affirmation you can look at every day.”
