

**STORY**  
FAMILY MEDICINE  
DIRECT PRIMARY CARE

Hello!

Looks like you may have begun the sign up process on our website or have questions about the waitlist.

Direct Primary Care is a fantastic model for a lot of what is missing in medicine -

A doctor that knows you, ready access, and care for most of what your family needs. We work diligently on providing wholesale costs on labs, meds, and so much more.

We value how our smaller number of patients per doctor lets us spend more time with you.

Dr. Story's practice is currently full. However, our patient numbers change as people move and open up space for new members.

How does pre-enrollment work?

1. Sign up on our wait list. You must be on the wait list to be in the queue.
2. We will contact you as soon as space becomes available.
3. Immediate family members of established members will be given priority. (Example: spouse or children)
4. Money will only be collected upon your confirmation and acceptance of enrollment. We do not charge without your permission.

To join our waiting list and receive 25% off your first month's membership go here:

<https://storyfamilymed.hint.com/signup/dpc-membership-wait-list>

★ Big News! Story Family Medicine is looking forward to bringing on a new physician in September. At that time all patients on our waitlist will be given an opportunity to join us and this fantastic model of care.

Please reach out if you have any questions. We are happy to help!
