Hands Targeting the Bulls-eye of Everyday Problems

DC Transitional Services Sec2ND Chance Community Outreach Program

Are you or someone you know facing barriers that hinder growth due to abuse; addictions, an arrest, jail or prison . Does it seem like you or someone you know can not RE+BUILD your life. Then this outreach program is for you. The community is welcome to join in. Share a story or life event or present an opportunity to help someone else RE+ Build life after an abusive relationship, an addiction, prison or jail, conviction, or an arrest.

At DCTS the staff and volunteers believe everyone deserves a Sec2ND Chance in life to Re+ Build Connections

Transitioning from an abusive situation, prison or jail to freedom can be challenging for some. Many are looked upon as cowards, crazy, ex-cons, convicts, jailbirds, felons or other derogatory names. Often because of a conviction, one is discriminated against by checking a box on an application that asks "Have you ever been convicted of a felony, etc." Many live behind a wall because of stigma. Therefore those that are trying to RE+ Build their life have or are still enduring institutional stigmatization. As well as systemic or lead the charge of unfairness, equality, justice and inclusion.

What is Sec2ND Chance Outreach?

Influenced by the growing social needs of the community in which it works, DCTS has responded by developing the Sec2ND Chance Outreach program to meet the unique and increasing needs of women, men, and families experiencing problems RE+ Building life after abuse, addiction, prison/jail, conviction, or arrest.

DCTS is committed and have resolved to come up with tools to help returning citizens, victims of abuse, addiction, or those who have a conviction of some sought to build upon the tools needed to transition in life successfully.

Therefore Educating, Empowering, and Eliminating Barriers is an important facet of what we desire to do at DCTS.
