My professional experience includes currently working for Tippecanoe County Youth Services. These experiences have given me the opportunity to empower others, develop problem-solving skills, advocate for others, collaborate with others, set and meet goals, and develop leadership.

I graduated college in 2021 from IU Kokomo. During my time there I served on the executive board of my college sorority. These roles as Secretary and Treasurer provided me with valuable experience in organization and financial management. This included recording and maintaining records, completing administrative tasks, and coordinating budgeting. As an officer and board member, actively participated in decision making processes, collaborated with other members to plan and execute events, and represented the sorority in various discussions and meetings. These experiences taught me the importance of teamwork, effective communication, and leadership.

**Please provide a brief description of why you would like to serve on the Board of Directors.**

I would like to serve on the Board of Directors because my husband and I moved into the neighborhood in May of 2022. We hope to live here for many years and raise our future children here. Being a part of the board and expanding my skills, expertise, and perspectives would be important to me. Being able to contribute to innovative solutions, make informed decisions, manage risk, and ensure that the neighborhood is thriving long-term.

Due to currently working for Tippecanoe County Government it is important for myself to expand my involvement within the community. I have an extreme interest in improving and maintaining the neighborhood's quality long-term.
