DR. GREEN BCN

If you find yourself wandering the streets of Barcelona and in need of a place to relax, then look no further than Dr Green. With its welcoming atmosphere and laid-back vibes, this cozy establishment is the perfect spot.

Join me as I recount my recent visit to Dr Green Smoking Club and share my experiences with all you fellow tokers out there

Once you step through the doors of Dr Green Social Club, you're greeted with a modern, neon lit interior. There is a pool table and some nice neon signage, lighting effects and cool artworks.

Work your way down the small corridor adorned with skateboards and the place opens up, where you are greeted with warm smiles and a friendly atmosphere. The interior is cozy, with comfortable seating options and soft lighting creating a relaxed ambiance.

There is a nice selection of original artworks on the wall, several tv screens dotted about and the music selection is on point, providing the ideal background for conversation.

Dr Green Social Club offers an impressive range of products and the knowledgeable staff members were incredibly friendly, patiently answering our questions about the different products available.

One of the highlights of Dr Green Smoking Club is the well-equipped rolling station. It's fully stocked with rolling papers, filters, grinders, and everything else you could need. They also have a variety of smoking accessories available for purchase.

“A COMMUNITY OF CANNABIS ENTHUSIASTS COMING TOGETHER TO SHARE GOOD TIMES”

Dr Green Social Club regularly hosts events and activities to keep its members entertained. From live music performances to game nights, there's always something going on to enhance your experience. The club even organizes educational workshops and guest speaker events, providing a platform for learning and expanding cannabis knowledge.

One of the highlights of our visit to Dr. Green was the opportunity to connect with like-minded individuals. Whether you're a solo traveler or in a group, the friendly ambiance encourages social interactions.

It really felt like a community of cannabis enthusiasts coming together to relax and have a good time. The staff are a credit to the club.
