

GREEN PLACE

ALL THE COMFORTS OF HOME. IF YOUR HOME IS A SUPER STYLISH HANGOUT THAT WOULD MAKE SNOOP DOG SMILE

Fellow 420 enthusiasts, I'm here to share my thoughts on the Green Place Social Club in Barcelona. As someone who has been indulging in Mary Jane for over a decade now, I can say with confidence that this club is definitely one worth checking out.

First off, this club was easy to find, as is just around the corner from the Arc de Triumph. There are plenty of amazing places to eat within a stones throw of this club and many amazing shops including one of my personal favourites Norma Comics. So this club is in a great location if you are at this side of town.

This club itself is an absolute joy. It's cosy, welcoming, and perfect for anyone who wants to kick back and get together with friends or to take a quick breather if you passing by. The decor is cosy, yet funky, giving off a super relaxed vibe and the music played there just adds to the charm.

There are comfortable leather sofas and tables and the club is reminiscent of sitting in a luxury lounge. There are original artworks on the wall from various artists, including global phenomenon - Saturno. There is a pool table, lots of green foliage adorning the walls, which gives it a real nice natural green feeling. It has funky lighting and a product range that would make Snoop Dog smile.

GREEN PLACE IS A GREAT SPOT TO UNWIND WITH FRIENDS AFTER A BUSY DAY

The place is super cool, spotlessly clean and gives off a great vibe. There is plenty of comfortable seating and is fully air-conditioned. The place was busy when we went in but there was still a nice sofa for us to get parked.

My friend grabbed a bong from the club, a few coffees and a fine selection of seasonal greens. There was a pool tournament starting so we decided to join in. The winner isn't important here, it is the taking part that counts, lol ;)

ALL CLUBS TEND TO HAVE A NICE PRODUCT RANGE, BUT THE SELECTION HERE IS JUST MIND-BLOWING.

The budtenders were incredibly attentive, knowledgeable and friendly. They providing in-depth information and helped us towards the perfect choice for our individual preferences.

In addition to their excellent selection of products, the Green Place Social Club also offers a variety of smoking accessories and devices. They have bongs, bowls, and papers available for use.

Overall, I would highly recommend The Green Place Social Club to anybody looking for a new spot to relax. The club has female managers so the place is spotlessly clean, very well organised and is very popular with the ladies.

The atmosphere was second to none, we met some new people and had a really great, fun afternoon .
