## Message from the President

### Greetings Sorors!

Wow! April is finally here, and it is time to move to the heart of the sorority's events; the Business Month Educational Scholarship Award Luncheon and activities showcasing various business entrepreneurs and highlighting our work in the community.

Coronavirus is still with us but there is nothing to stop us now. Let us continue to support the local Black businesses, but also support and encourage one another. Remember, together we stand, divided we fall.

Psi Pearls to the Leadership Forum Committee for hosting an awesome program with the theme, "Leadership, Choosing Higher Standards." This featured Soror Juanda Wallace, Soror Kandre Covington, Soror Charlotte Berry and Soror Betty Wilson-Jones from Kappa Chapter in Baltimore Maryland. This event was well attended by sorors. Many thanks to the Pelatis Auxiliary for their continued support.

We just completed and participated in a milestone, the 74th Southwestern Regional Conference. This two-day event was packed with vital information to be used for years to come. It also made us aware that there is much work to be done in Psi Chapter.

It was well attended by Sorors, Pelatis and guest from other regions. As always, all good things must come to an end. Psi Pearls to Madam Regional Director Soror Vahnita Loud for leading the charge.

Congratulations to all the new Southwestern Region Officers.

In a city where lives were changed forever, the Botham Jean family returned for a momentous occasion and to wind down at one of the best family restaurants in sunny South Dallas. The family traveled to Dallas to participate in a ceremony dedicating a portion of Lamar Street to Botham Jean Boulevard. Botham Jean was their beloved son who was tragically shot and killed in Dallas, Texas on September 6, 2018 by a police officer who entered the wrong apartment.

Soror Dorothy Jones, Psi Chapter's Honorary Soror and owner of Black Jack Pizza, invited them to dine at her establishment and they graciously accepted. The family was accompanied by Rev. Sammie L. Berry, Pastor of Dallas West Church of Christ where Botham Jean was a faithful member. Black Jack Pizza welcomed the family with a beautiful, warm, and loving smile as always from Soror Jones as well as her loyal customers which including. Cheryl Smith publisher of Dallas Metro News, Texas Metro News and The Garland Journal.

Soror Jones was honored and overjoyed to serve them. They were also honored and overjoyed to be there. Our Soror repeated to them what she so lovingly tells all of her customers, "Good food makes us happy and we want to make you happy. We are so glad you are here!" She also stated: "that for them to visit her establishment was a monumental moment in history and one that Black Jack Pizza would not soon forget".

ROBERTS'S RULES OF ORDER  
BY SOROR DR. NICKSON

# What Does Robert Say? The Parliamentarians of Psi

P.R.N. – Parliamentary Rules Noted

## Motions

There are several classes of motions that may be used in meetings. A description of them is listed below.

The **main motion** is the basis of all parliamentary procedure. All business to be considered by an assembly is introduced by a **main motion**. This type of motion may only be considered when no other business is pending.

**Subsidiary motions** may be applied to another motion for the purpose of modifying it, delaying action on it, or disposing of it.

**Privileged motions** are unrelated to the current motion but are of such urgency or importance they are considered immediately. These motions are related to members, the organization and meeting procedure rather than the item of business being considered.

**Incidental motions** are related to, or incidental to, the business being considered, but do not directly modify the pending motion.

Motions that bring the question again before the assembly, or **bring-back motions**, are a special type of main motion that permits the assembly to consider previously disposed of business.

The main motion, subsidiary motions, and privileged motions all have rank relative to one another.

Who We Are?

After Holly and Rodney's eldest son, RJ, was diagnosed with autism, HollyRod's mission expanded to provide resources to families affected by an autism diagnosis. One in 68 children are diagnosed with autism every year.

50% of these children have extreme difficulty learning how to speak, while 25% of them never will. HollyRod launched the RJ's Place grant in 2014 to provide assistive technology to children's hospitals and autism centers. As these children grow, they require vocational training and specialized job placement assistance to transition to mainstream life and gainful employment.

Our RJ's Place grants now support toddlers to young adults in over two dozen locations the U.S. and Canada.

The HollyRod foundation provides compassionate care to those living with autism and Parkinson's disease. We seek to fill an unmet need by providing compassionate care and services to underserved individuals and families that are burdened financially and emotionally by a diagnosis.

We strive to help individuals live the best life possible.

Welcome to your April 2021 Iota Bulletin! This is Iota Phi Lambda Sorority, Inc.'s monthly newsletter. In this edition of the Iota Bulletin, the latest and greatest in Iota news is provided. ## Greeting to the Sorors of Iota Phi Lambda Sorority, Inc

As a business and professional women's organization, Business Month is celebrated by all as our premier program. This year, our national theme, *“Business and Professional Women Building the Foundation for Generational Financial Empowerment”* takes on more implication than ever, as we watch the women of this country, especially African America, emerge as strong dynamic leaders.

During the pandemic, there was a slowdown in the opening of small businesses, but even during the pandemic, women-owned businesses were one of the fastest-growing industries in this country. The steady rise in female entrepreneurship across the country continues to give us plenty of reasons to celebrate.

Business Month gives us the opportunity to showcase and support the many women-owned small businesses in our communities. Building these small businesses allows women and families to build the foundation for legacy wealth that is passed down from one generation to another. As anchors of the family and the community, women help to shape and enhance the surrounding communities by helping to grow the economy.

Let us take the time this month and each day to acknowledge and support the small businesses in our communities. There are many ways in which we can support these businesses such as buying gift cards, shopping, or ordering locally and starting a shop local challenge, buy and share on social media and challenge friends to support the business. We also urge our members to highlight local business on social media and/or their chapter newsletter.

This has been an extraordinary year filled with quarantines, vaccines, lockdowns, and mask wearing, but we pressed on, completing Iota projects and program with excellence. Women, especially African American women, are the same, no matter the situation, they continue to push forward with undeterred purpose to complete their goal of financial security through entrepreneurship. The members of Iota Phi Lambda Sorority, Inc. honor the tenacity of these women as they pursue their dreams of financial empowerment.

Sisterly,

Dorothy M. White  
23<sup>rd</sup> National President
