### **PARTICIPANT INFORMATION**

Participant's Name: \_\_\_\_\_ (hereafter "Participant")

Participant's Age: \_\_\_\_\_

This form must be completed fully in order for participants to self-administer required medication. A new medication administration form must be completed for each Program attended by the participant, for each medication, each time there is a change in dosage or time of administration of a medication and/or at three month intervals. Self-medication requires licensed health care authorization and signature, and parent signature.

- My child does not need to take any prescription medication while at the Program.
- My child will need to take prescription medication while at the Program.
- My child needs to keep this medication with him/her at all times for emergency care.

All prescription medications, including medications for conditions such as food, drug or insect allergies; diabetes; asthma; or epilepsy may be brought to the Program under the condition that the participant can self-manage care and delivery of medication with written authorization to do so by a licensed health care provider. Prescription medication must be in its original container labeled by the pharmacist or prescriber. The label must include the name, address and phone number for pharmacist or prescriber. Containers must hold only standard dose vials or the amount required for the time the participant will be attending the program.
