PRAISE...

"My experience with Pamela was nothing short of life-changing.... I was able to . . . understand the process legally, and most importantly, spiritually.

I learned to fine tune my energy and spirit so I could have better communication with my husband -- which after divorce, led to a reconciliation! It was a beautiful process and I recommend Pamela for anyone going through such a horrible time in their life. Her abilities to guide one spiritually, along with her incredible knowledge of the legal divorce process, is nothing short of extraordinary." Stacey

"Every divorce should be handled in this manner. So much trauma could be avoided. Thank you, Pamela, for providing a safe place to process, heal, and allow 'my soul to take the wheel.' What a wonderfully enlightening experience." Mary Ann
