

GOVERNMENT AND SERVICE ALBERTA CONTACT INFORMATION

AS OF JUNE 21 2018

If you have ever complained about a condo issue ...

1. Send your letter or email of concern to the following people.
2. Ensure your neighbours/friends who share your concern(s), send a letter as well!
3. It's said that every letter, on a certain topic, represents the views of OVER 500 potential voters. 50 condo letters equates to the view of 25,000 voters. Significant in an election year!

Start with Premier Rachel Notley as the major decision maker. By directing Service Alberta Minister Brian Malkinson, Premier Notley can change the course of what we see, for Alberta condo owners, as incomplete, punishing, and costly condominium legislation that is about to be proclaimed into law.

Send your letter to ALL of the individuals below. Remember to state your "call to action" at the end of your letter. Make it clear what you need, want, or expect from our Government.
