### WARNING: FOOD ALLERGENS
The eight most common food allergens are as follows:
- Milk, egg, peanuts, tree nuts, fish, shellfish, soy, and wheat.
- If you’re allergic to any of these items, you should know that we prepare foods in our kitchen with these ingredients, and while we make every effort not to do so, we cannot guarantee that there won’t be any cross-contamination with your other meals, pastries, confections, snack mixes, etc.

We do make our own peanut butter on site and use in many of our freely baked items, confections and on sandwiches.

This is not a nut free zone by any means!

We often sample these items in our stories, please know this.

The Drew Crew wishes you continued health and happiness.
