

****Khumbula****

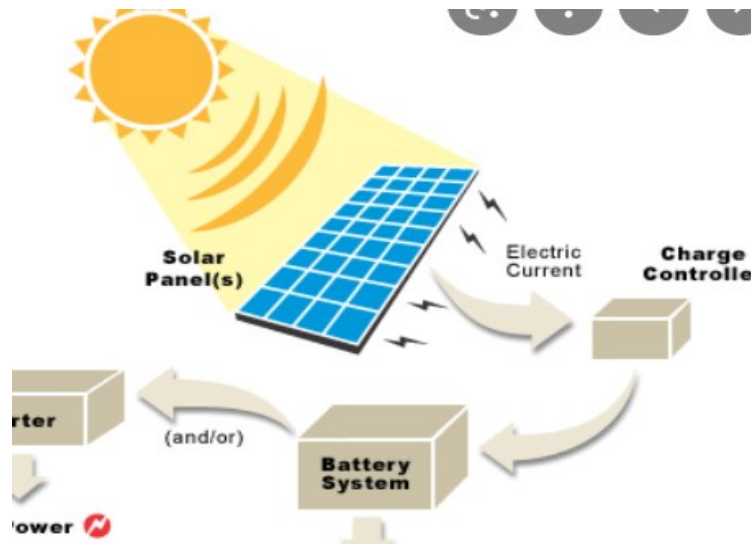

Ungayithinti I inverter, le battery lama Solar panels
lakho konke okufakiweyo okwe solar ungakhu-
lumanga lekampani efake isolar

Khuza abantwana bangadlaleli duze lesolar system
Ungalayithi izinto ezingavunyelwananga kumbe ezi-
fileyo.

Noma sokunjani ungalayithi isitofu (stove), igiza
(Geyser), Kuzayibulala I solar yakho.

	Noma sokunjani ungalayithi isitofu
	Imitshina yokutshisa (Welding machines)
	Ungasebenzisi I Ayini (Pressing Iron) nge Solar
	UngaCharge amabattery emota ngeSolar Yakho
	Unga bilisi amanzi nge Solar system yakho, ayidalelwanga iSolar

Nanku okumele ukwazi nge Solar

Ama Solar awadonsi umlilo ebusuku ngoba akula langa.

Ebusuku umlilo uvela ku battery

Ama Solar panel kumele enelise ukupha umlilo oweneleyo kuma battery laku-

kho konke okuvunyelweneyo ukuthi kulayithwe (Nxa bekulelanga)

Ngakho ebusuku kuzabalomlilo oweneleyo nxa bekulelanga usuku lonke.

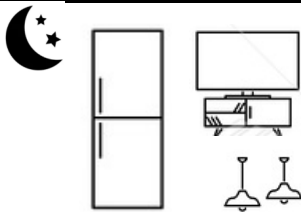

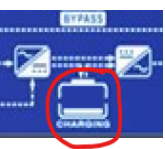

Nanzelelani lingalayithi izinto ezingavunyelwananga.

Error 05	I inverter yakho isilenkinga
	Okumele Ukwenze ungabona u Error 05 • Ungayithinti I inverter • Lungisa ngokucitsha into elayitheweyo eyenze kwabalohlupho njen-gokutshelwa kwakho ngu technician
Error 04	I battery kalisela mlilo
	Imbangela • Kwenzakala nxa kungelalanga, kumbe kuqanda. • Umqando lokuswelakala kwelanga kumbe kulohlupho kuma solar panels. • Ama solar panels ayehluleka ukupha I battery umlilo ngakho izinto azisoze zilayithe.

Nxa ulohlupho fona kumbe uthumeze I Whatsapp kuSolar Whatsapp Group kumbe Khethani +263 78 432 3408 Thembelani +263 77 648 0068 Phephi +263 77 248 1709

Ukulondoloza Isolar power yakho

(Solar System Management)

	Sebenzisa ama 'appliances' akho afuna I power enengi kusukela ngo 10:00am kusiya ku 2:00pm. Yekela amaPanels a charge ama-battery kusukela ngo 2:00pm kusiya tshona ilanga
	Ebusuku kusebenza I battery, lisebenza emalayithini le TV kumbe leFridge kuphela
	Ungalayithi wonke amalayithi nxa kungela ndingeko.
	I Desktop computer isebenzise emini, ebusuku sebenzisa ilap-top—ingcono
	Bala I display ye Inverter yakho ubone ukuthi :  Nxa ilanga litshona ama battery akho agcwele. Ku bonaka ngama 'bars' angu 3 or 4.  Citsha wonke ama appliances akho nxa ibattery seli low , uvumele ukuthi amaSolar Panels a charge

I Solar System ifana qho le mobile fone yakho, nxa iBattery li low efonini yakho—ungena ku 'saving mode' awuthi 'browse' ama 'apps' adla I battery, kumbe nxa I 'data' yakho i 'low' uthi 'avoid' o 'facebook' laba abadla I 'data'

Nxa ulohlupho fona kumbe uthumeze I Whatsapp kuSolar Whatsapp Group kumbe Khethani +263 78 432 3408 Thembelani +263 77 648 0068 Phephi +263 77 248 1709

Uyiphatha njani I Solar System

	Nxa kulezulu: 1. ama Solar panels kawa charge ama batteries. 2. Nanzelela ukuthi amabattery akho asebenza emini lebusuku engela charging
	Nxa kulamayezi, kugubuzele: 1. ama Solar panels kawa charge ama batteries. 2. Nanzelela ukuthi amabattery akho asebenza emini lebusuku engela charging
	Nxa kusebusuku: 1. ama Solar panels kawa charge ama batteries. 2. Nanzelela ukuthi amabattery akho asebenza emini lebusuku engela charging
	Ama Solar Panels ayangcola, ayagcwala i'dust', I 'amount of charge' iyehla kumaPanels angcolileyo.
	Ama Battery lamanzi akuhambelani, zama ukunanzelela ukuthi amaBattery akho a 'safe from water' or njalo indlu elamaBattery ayinetheli
	Nxa uthanda ukuconnector elinye libattery, khuluma loTechnician kuqala Ama Battery angafananiyo awafakwa ndawonye
