

Strategic Planning CLARITY SYSTEM + GUIDED SUPPORT

\$7,500.00

This option is designed for organizations that want more than insight—they want alignment, direction, and support in making the right decisions.

In addition to full access to the Organizational Clarity System™, your leadership team will work directly with our team to interpret results, refine priorities, and establish a clear path forward.

This includes:

- Participation from up to 5 team members
- Aggregated team insights and alignment analysis
- A board-ready summary to support leadership discussions
- Three live strategy sessions with our team
- Priority refinement and decision support
- A structured implementation roadmap (lite)
- Access to the Master Grant Application Tool

You will not only understand what is happening in your organization—you will leave with a clear, aligned direction your team can act on.

What happens after purchase:

- You will receive access to all three assessments for your team
- Our team will guide you through interpreting your results
- Strategy sessions will be scheduled following your submissions
- You will receive both individual and final organizational reports
- You will leave with a structured plan for next steps

Important:

This option is best for organizations that are ready to move forward and want to avoid misalignment or costly missteps.
