A Message to our Clients

Classroom Training Postponed

In light of the COVID-19 virus pandemic, we have elected to postpone all in-person classroom-based training classes until the situation improves. We are committed to doing our part to reduce the chance of community spread of this virus and suspending our physical classroom operations is the prudent choice to make at this time.

We remain committed to continuing to offer the best software training available and will do so by offering online training classes to help support our rapidly growing pool of remote workers. We will be announcing regularly scheduled classes on collaborative applications like **Microsoft Teams** in the coming days. Stay tuned for more information, or [contact us today](#) to arrange for dedicated online classes for your staff.

We appreciate your support for the past 20 years, and we remain committed to improving our client's productivity with our training services moving forward.

Sincerely,

Derek Crawford
