PRESENTS

# 4-DAYS ONLINE RADIATION SAFETY AWARENESS COURSE (1-YEAR RENEWAL)

SBL-KHAS

PROGRAMME NO: 1000135728

## INTRODUCTION

Ionizing radiation could be dangerous if being exposed uncontrollably to human body. For this reason, its application is subjected to a very stringent rules & regulations imposed by the authority, Atomic Energy Licensing Board (AELB). As required by AELB regulation, RPO, RPS, Radiation workers not only must be trained, their knowledge with regard to radiation safety must be continuously refreshed.

The more flexible and economic approach is given to the company as the training will be conducted virtually and in half-day basis (9 AM - 1 PM).

Password-protected course materials will also be shared digitally and be given lifetime access to the participants.

### WHO SHOULD ATTEND:

- RPO
- Orang Bertanggungjawab Terhadap Lesen (OBTL)
- Radiation Workers
- New Radiation Workers
- Safety and Health Officers
- Students
- Public who wants to increase awareness to radiation safety.
