Purpose and History

The purpose of the Michigan State Macomb County Committee of Safety is primarily humanitarian: To protect and defend the unalienable rights endowed upon every living man and woman by our Creator and Governor of the Universe.

Committees of Safety, historically speaking, empowered the people at the grass roots to return control of their local government to the People. The Independent grass roots "County" Committee of Safety and the "County Common Law Grand and Trial Jury are the mechanism for the Sovereign Body of the People to govern.

The Common Law Grand Jury exposes the enemies of Liberty both foreign and domestic in an effort to collapse their wall of resistance and take back our Judiciary. The Committees of Safety are needed to fill the power vacuum with "the people", thereby taking back control of our political process at the grassroots level. Both the County Committee of Safety, a/k/a Committeeman, and the Grand and Trial Jury County Administrations is the process by which We the People consent to government, it is our unalienable right.

In 1774, the various Committees of Safety called for the First Continental Congress. Delegates to that Congress went from town, to county, to Provincial level Committees, before being selected to go to Philadelphia. In Western Massachusetts, Committees of Safety forced the resignations of rouge judges appointed under the Massachusetts Government Act (1774).

The "Committee of Safety" is the very same method that our founding fathers used to take control of their local governments. These "Committeemen" built the nation we inherited that devolved into tyranny as a result of our ignorance and lack of oversight. We the People, through the true elected Committeeman and Committeewoman at the Grass Roots, will take control of our local, state and federal governments by simply requiring them to obey the "Supreme Law of the Land" and thereby perform their Constitutional duties.

Goal

The goal of the Michigan State Macomb County Committee of Safety is to maintain safety in the community by requiring our servants in government to obey God's Natural Law, the Constitution for The United States of America (Constitution) and the Constitutional Chain of Command. Especially during a National Emergency, whereas the Peoples' Bill of Rights will be protected and secured by our true Law Enforcer, the County Sheriff.

FEMA has engaged a national "readiness exercise" under the code name of REX 84 which calls for the suspension of the Constitution and the turning of complete control of all local governments over to FEMA while using UN troops to keep law and order during a National Emergency. FEMA's plan leaves out the most important part of rebuilding America, We the People and a Free and Independent Local Government! The end-results of REX 84 is a New World Order (NWO) America without our unalienable rights. We the People through the Michigan State Macomb County Committee of Safety will prevent this by informing and educating our elected and appointed servants within our local governments.

Objectives

The Michigan State Macomb County Committee of Safety has five objectives:
