## I'D RATHER BE LUCKY THAN GOOD!

We have this quote in disc golf. Often, no matter how good you are at something-sometimes the circumstances just aren't in your favor. This holds true in business too. Owning a business takes hard work, long hours, and unfailing dedication. Sometimes things happen that are out of your control. You will constantly have to make decisions to either forge ahead or make changes. Your skills and your passions drive what you do in life, but you never know when hardships or opportunities will knock-sometimes you just have to pray for some luck.

Sammie George- BCDF Executive Director
