- **Sundowners:** Enjoy your favourite sundowner at one of the many restaurants and pubs in Green Point
- **Underground Tunnel & Dungeon Tour:** During the early days of Cape Town canals and rivers acted as routes of travel and supplied the Company Gardens and ships with fresh water. Still in existence today these tunnels – approximately two meters in diameter – are located under the busy streets of the CBD and now help with storm water drainage, channel fresh run-off water from Table Mountain (straight into the sea).
- **Oranjezicht City Farm - inner city garden:** celebrating local food, culture and community through urban farming in Cape Town
