

FLIGHT INSTRUCTOR COURSE

Whether you're aiming to become a Certified Flight Instructor (CFI) or an Instrument Flight Instructor (CFII), our comprehensive training programs are designed to elevate your skills and jumpstart your career in aviation. From exclusive course materials to collaborative ground school opportunities, we equip you with everything you need to succeed—and to get hired.

WHY CHOOSE US?

Brand New Hangar & Premium Facilities

Located just a short distance from Kalamazoo, our hangar is equipped with everything you need to succeed. Enjoy access to:

- **FAA-Approved Simulator**
- **Spacious Student Study Lounge**
- **Designated Briefing Rooms**

All designed to maximize your learning and comfort.

Exclusive Course Materials

Gain access to specialized training materials designed specifically for our programs. We've developed exclusive resources to ensure you have everything you need to pass your checkride and become a skilled, confident instructor.

Comprehensive Syllabus & Ground Training

Our in-person ground school sessions foster collaboration and peer learning. Work alongside fellow students in a focused, interactive environment that enhances your understanding of complex aviation concepts. Whether you're training as a CFI or CFII, you'll learn from each other and build valuable connections.

Real Students, Real Opportunities

Train with real students during your instructional training, gaining hands-on experience and mentoring opportunities that will make you an even more effective and well-rounded instructor.

Flexible Scheduling

We understand your time is valuable. Our training program is designed with flexible scheduling, so you can balance your flying lessons with other commitments—perfect for students, professionals, and anyone with a busy lifestyle.

Industry-Leading Pass Rates

Our pass rate is above industry standards. With the right training, resources, and support, our students consistently outperform the national average, ensuring you're not just ready for the test, but ready for a career in aviation.
