IMPORTANT: Data Protection. This section must be completed.

As of 25 May 2018 new data protection laws were introduced in the UK and as a result, we need to ask you some specific questions. Guided Rides collects and holds the information you provide on this booking form only for the purposes of organising the tour. You can rest assured that we do not pass that information onto any 3rd party, other than organisations like hotels / Eurotunnel / ferries / motorcycle shipping company where we need to provide them with your name as part of their own booking process.

Tour information.

As a result of booking a tour, Guided Rides will send information to you about the tour you are going to take part in, by email. Please confirm you are happy to receive such emails from us about the specific tour you have booked. This will include the itinerary, routes, invoices, tips and advice about the specific tour. This information is vital to you in order for you to take part in the tour and therefore non-acceptance of this will mean we cannot accept your booking.

WhatsApp Communications.

For each tour, we set up a WhatsApp group so that the riders can informally say hello, chat, swap ideas / questions. We will also use it during the tour to remind everyone about daily start times etc. This works really well. We will be doing that for the tour you are booking for. Many riders on our tours are likely to already use WhatsApp, which is a free app. It allows you to send messages, texts and even pictures to anyone for free as long as you are within your monthly data allowance. It works well.

Being sensitive to each individual's needs and needing to respect the data protection act, we have to ask if you want to take part in this before adding you to the group. If you don't want to join the group, that's not a problem. Guided Rides will not use WhatsApp for main communications, so you won't miss anything important.

I consent to being added to the WhatsApp group for this specific tour.
