

# Barrel to Keg Relay

## COURSE MARSHAL

### Finish Area

Report to the Finish Line Coordinator at the volunteer banner at the Rogue warehouse, and you will get more instructions. Direct runners safely to the finish and the vans to the parking lots. There will be lots of traffic, most of it not for the relay. Remember that you are volunteers and not traffic officials. You may not order anyone to stop, but a little friendliness goes a long way in getting drivers to cooperate. The sweeper or race director will tell you when your shift has ended (when a replacement takes over for you or the last runner has passed).

Position F: Direct runners to turn right down the path.

Position G: Direct runners to turn left to finish in front of the warehouse.

Position H: Corral teams as they wait to finish the last 50 yards with their runner.

Position I/J: Monitor traffic in the Rogue parking lot for safety

Position K/L: Direct relay vans to turn right to park in the Oregon Coast Aquarium lots.

Finisher Awards (2 people): Hand out finisher awards to all participants.

Finish Line (3 people): Assist the timers to record finish results. Coordinate with the ham radio operator to communicate finishing team bib numbers to the timer.

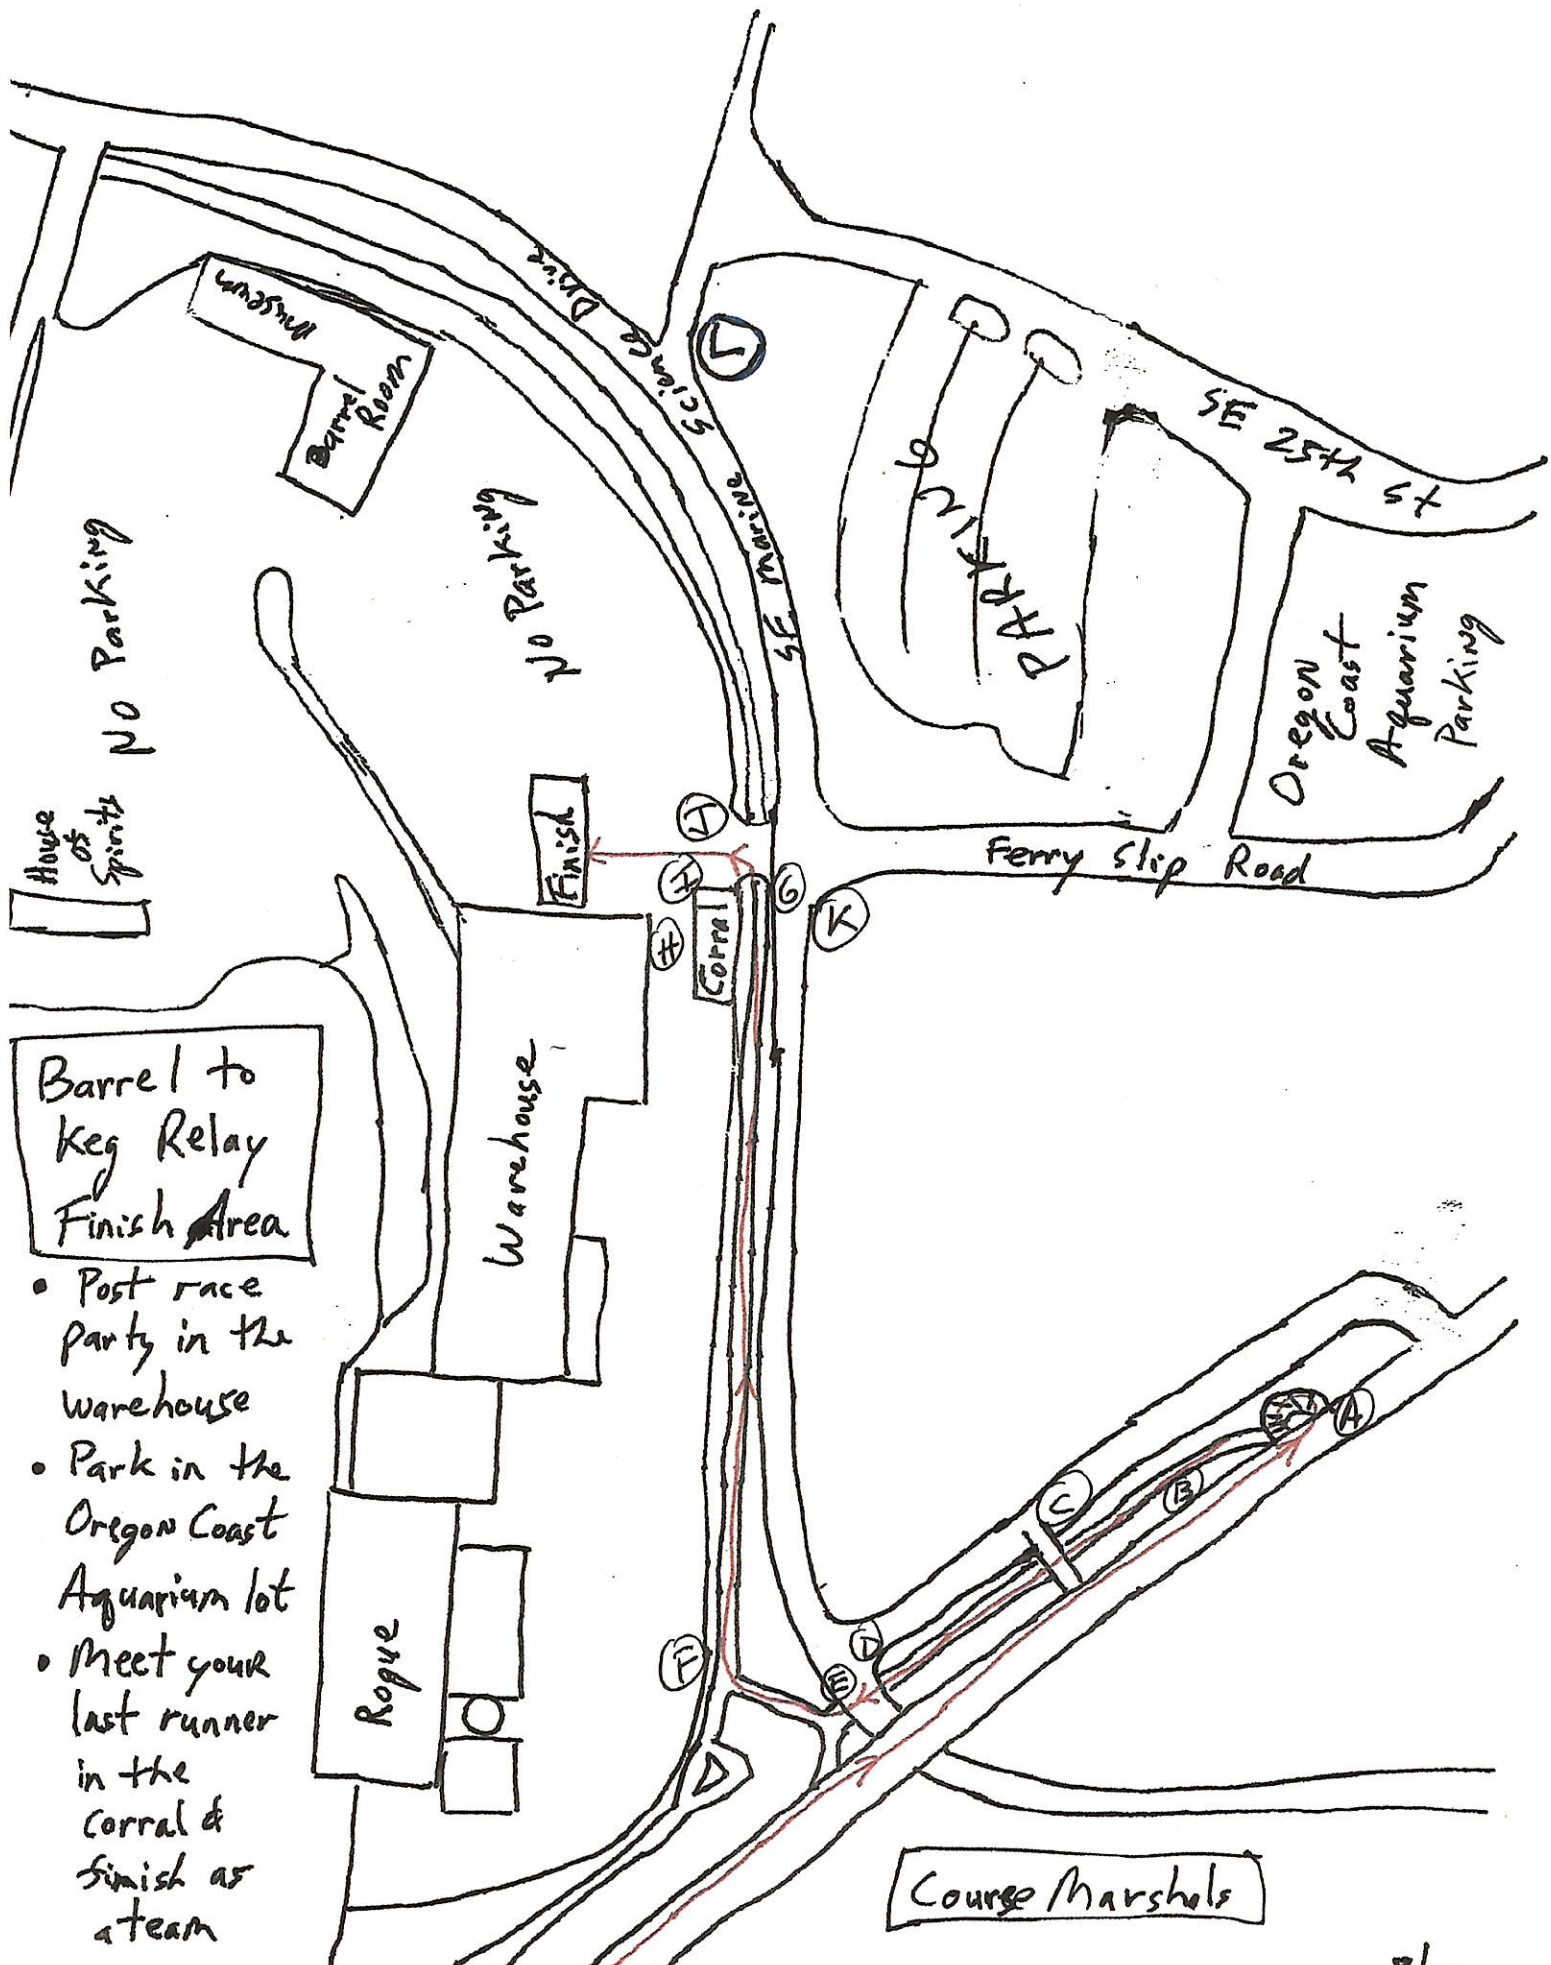

Food Service: Assist the Rogue staff in serving food.

Barrel and Keg: Wear the costume, show lots of enthusiasm, and be ready to be in lots of photos.
