

# Candidate Questionnaire

CleanSlateNow Action is committed to eliminating the corrupting influence of big money in politics. We believe candidates best represent the public interest by choosing to accept contributions only from natural persons. We encourage candidates to reject contributions from political action committees (PACs), special interest groups, and corporations. *We are active at the local, state, and national levels across the country.*

The questions below are meant to provide information to voters about the kind of campaign contributions you are taking in your pursuit of public office and the kind of legislation you would support and propose if you take office. Your answers will also help us when considering if we will endorse a candidate in your race. Though we publicize the names of candidates who do not take PAC and special interest group money, no question is meant to serve as a litmus test. We seek to inform, educate, and engage you, other candidates, elected officials, and the public about issues surrounding campaign finance reform, and we hope the information you provide will help voters make up their own minds about the candidates. **Please complete and return the questionnaire at your earliest convenience** so we can share your responses with voters.

Thank you for your participation, and good luck in your campaign!

In answer to question 10, I have successfully worked on implementing progressive campaign reform since 1985, including limits to campaign contributions here in Fort Collins.
