

COMPANY OVERVIEW:

ATRI USA LLC was founded in May 2022 to offer Lithuanian-based ATRI solutions and support services to U.S. customers.

ATRI UAB has a 10-year history of developing thermal imaging and EO Sensor solutions, with significant deployments under combat conditions.

ATRI supports both DCS and FMS channel procurements, providing the U.S. government and vehicle manufacturers domestic and international solutions.

PRIMARY PRODUCTS:

- Thermal and Low Light Driver Viewer Enhancers (DVE)
- Thermal and Low Light Vehicle Situational Awareness Solutions
- Thermal and EOIR Sensors for Integrated Surveillance Systems

APPLICATIONS:

- Defense & Security Wheeled Vehicles
- Defense & Security Tracked Vehicles
- Critical Infrastructure Protection Solutions

KEY DIFFERENTIATORS:

- Strong Price / Performance Value Proposition
- Proven Product under Combat Conditions
- Advanced driver control and viewing options
- Total Package Approach, providing Integrated Logistics Support (ILS) package for both U.S. and International
