

Hain For Kane Sheriff

Response-Plus Patrol Map

Current Patrol Design

In place for over 3 decades

No daily roll calls

No consolidated communication and intelligence medium

No specified patrol areas

Deputies rotate areas reducing area knowledge

Deputies not assigned to townships and not tasked with addressing specific concerns

- Daily roll calls with consolidated intelligence networking system
- Deputies assigned by townships and tasked with integrating with the citizens and attending community meetings
- Deputies assigned to specified patrol or "beat" areas to dramatically increase coverage and reduce response times
- 10 hour shifts increase overlap coverage and deputy efficiency
- By permanent area assignments, deputies develop a community and problem-oriented approach through coordinated leadership
