

Heroin Epidemic Solutions

The time is running out for implementation of fast, effective, out-of-the-box concepts to turn the tables on this rapidly increasing public safety concern. Ron Hain has stood up to drug trafficking organizations and their criminal attorneys on the streets and in the courtroom, and will lead the charge with the following initiatives:

- Reinstatement of zero tolerance eradication through interstate trafficking interdiction programs
- Cutting-edge rehabilitative approach to treat our addicted, incarcerated population
- Partnering with local rehabilitative services for non-custodial, immediate referral
- Work with County Board to enact local ordinances limiting the distribution amounts of prescription opioids
- "Heroin Hotline" and multi-jurisdictional local law enforcement task force to facilitate anonymous reporting of heroin activity and immediate follow-up investigations
