

Council of Scottish Clans & Associations (COSCA)

Founded at the Grandfather Mountain Highland Games (GMHG) in 1976, the Mission of COSCA is to represent the interests of Scottish clan and family associations and our other heritage member organizations across the USA and internationally—in the process promoting our shared Scottish heritage and culture through all forms of public education.

A non-profit organization certified as tax-exempt under Section 501(c)(3) of the IRS Code, membership in COSCA is open to all who embrace its mission. Governed by an elected Board of Directors, COSCA has both individual and organizational members.

Most organizational members are Scottish clan or family societies. COSCA's primary partner organization in Scotland is the Standing Council of Scottish Chiefs (SCSC), which represents the clan chiefs, while COSCA represents their clansfolk organizations here in the States.
