

St Andrew's Society of Toronto

The St. Andrew's Society of Toronto has been celebrating Scottish culture and supporting local charities since 1836.

- Celebrate Scotland's contributions to Canada and the world. Recognize achievements by Canadians of Scottish heritage. Preserve these legacies for future generations.
- Deliver value to members, partners, donors and customers. Embrace any best practices that make the Society more appealing or financially viable.
- Educate and entertain Torontonians of Scottish ancestry. Give them reasons to be proud of their heritage and the tools to recruit others.
- Organize programming that builds community and allows people from all backgrounds to enjoy Scottish-Canadian culture.
- Partner with other Scottish organizations and like-minded groups. Study modern Scotland to keep the bonds between our countries strong.
- Work to mitigate the risks associated with poverty in Toronto through grants to eligible agencies from the St. Andrew's Charitable Foundation.
