FLORIDA

The Summer FUN Show is July 10-12, Orange County Convention Center. See you there.

IMPORTANT- Some of the FUN officers and board members are nearing the end of their career on the FUN board. We need FUN coin club members to step up and run for the FUN Board. This is a volunteer position and you would have to work at the FUN shows, however there are perks to the position such as First Class Hotel Room during the show and at board meetings, per diem, transportation costs covered, possible travel to a regional or national show where most of the expenses are covered, and meeting the principles of national numismatic magazines and organizations where you might make a special deal for your local coin club. Get in touch with a current FUN Board member, if you are interested. Talk to your club members about running for the FUN Board.

As Officers & Board change at your club, information is lost. Think about having all your officers write a “Job Description” for what they do, including names, phone numbers & emails for all their contacts. I don’t receive some club newsletters when people change positions. Send me your club newsletter or a report on your club meeting every month. Please update your club information for the FUN website, meeting location, contacts, etc., with Steve Martin at jmartin75@msn.com. Some clubs have not updated their information in years. I sent out a update form last month and only 4 clubs replied.

Free FUN Topics Magazine- Your FUN member club can receive free FUN Topics magazines. Contact Jay Chamberlain jcflcoins@comcast.net You just pay postage. A box of 50 costs your club \$20 P. & H.

IN THE NEWS

Precious Metals Dealer Sentenced to 65 Years in \$76 Million Gold and Silver Fraud

Robert Higgins gets 65 years for defrauding investors of \$76 million in gold, silver, and rare coins in one of the largest precious metals scams in U.S. history.

In a landmark sentencing, 69-year-old Robert L. Higgins, owner of First State Depository in Wilmington, Delaware (formerly in Florida), was handed the maximum 65-year federal prison sentence on June 17, 2025. Following an eight-day jury trial, he was convicted of mail and wire fraud and income tax evasion.

Higgins' depository once stored over \$100 million in client-held gold, silver bars, and coins. Over the course of a decade, he siphoned off at least \$76 million—more than 1,000 customer accounts were discovered missing metals.

His ill-gotten gains funded a lavish lifestyle: Hawaiian timeshares, foreign vacations, high-end toys, and more, all while underreporting income on federal tax filings.

U.S. District Judge Maryellen Noreika described the scope and brazenness of Higgins' scheme as "shocking," branding it the largest theft from a precious-metals depository in U.S. history. The court also ordered Higgins to pay approximately \$76.5 million in restitution.

Acting U.S. Attorney Steinberg stated, "Higgins lied to, cheated, and stole from customers who placed their trust in him and his businesses during a 10-year fraud scheme. He took his customers' metals without their permission and used them to finance his personal life and keep his scheme going, all the while failing to report and pay his fair share of income taxes. By robbing his many victims of their hard-earned life savings and retirement funds, Higgins irreparably hurt hundreds of people and their families. I applaud the FBI and the IRS-Criminal Investigation Division for their hard work to hold Higgins accountable."
