# FOR THE FIRST TIME IN OUR HISTORY...

we are dedicating an entire day of conference time to BRINGING SERTOMANS TO CAMP AND BRINGING CAMP TO SERTOMANS.

We will have information-packed, inspiration-drizzled, fun-sprinkled SWEET AND SAVORY tastes of the goodness that is Camp Sertoma. We'll share the sights and sounds that made this summer one to remember for so many. We'll tackle the things that didn't go so well and work together transform those challenges into opportunities to make our camp better.

We will have opportunities to enjoy the company of other Sertomas, our current and very first camp director, our state board and officers. We'll have the chance to share ideas, collaborate on projects and learn how to make a quick \$14,000.
