## PAYMENT POLICY

It is the policy of Port Huron Internal Medicine that payment is due at the time of service unless other financial arrangements are made in advance. We require all patients to pay their co-pay and/or coinsurance payment at the beginning of each visit. Payment in full for all outstanding balances is expected within 30 days of final insurance response.

If you are covered by health insurance with medical benefits, we will be happy to bill your insurance. Please provide your insurance information to the front office staff and we will verify your coverage as a courtesy. Accepting your insurance does not place all financial responsibilities onto this practice, and you will be held accountable for any unpaid balances by your plan.

Although we are contracted with most insurance carriers, our services may not be covered by your particular insurance plan. Please remember that you are 100 percent responsible for all charges incurred: our verification of your insurance benefits is not a guarantee of payment.

We highly recommend you also contact your insurance carrier and check into your coverage prior to your visit if you have any questions regarding what they will cover. Do not assume that you will not owe anything if you have more than one insurance policy.
