

Ar

ARISE™

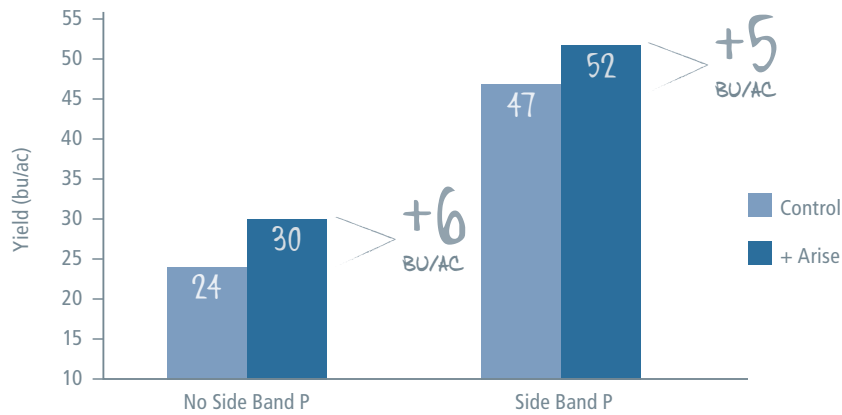

Soil Macro

Arise is an ortho-phosphorus based starter fertilizer that caters to the demands of the seedling.

- Provides a “pop up” effect to drive critical early season rooting
- Low salt index for greater seedling safety
- Immediate plant available phosphorus
- Compatible with 28-0-0 (UAN), 10-34-0 and the Micro-Che™ line of micronutrients

STARTER PHOSPHORUS = DELIVERS GENETIC POTENTIAL

Summary of 24 Wheat trials.
Arise applied at 10 lbs P205/ac.
