

## APPLICATION TIMING AND RATE

Apply at early vegetative  
(architectural) stage

### FOLIAR

1 qt (32 oz) per acre

## WHY USE ARCHITECH™

- Supplies N, P, K and key micronutrients during periods of peak demand
- Key nutrients drive higher rates of photosynthesis to preserve yield potential
- GABA promotes plant growth and development and mitigates abiotic stresses

## WHAT IS ARCHITECH™

**ArchiTech™** is an exciting new offering from AgX including a nutrient package plus GABA that increases and stimulates vegetative growth.
