BEHIND THE SCENES OF MOL SPORTS

Written by Israel Aladesuru

Damola Oseni, Founder of *Mol Sports*, was interviewed by Dominic Adu where he spoke on the foundation of MOLSPORTS and how it started. MOLSPORTS first started in June 2020 & with Covid-19 being a big problem around that time, Damola & his team worked hard to have an open-run gym to let basketball players from the Chicagoland area come and show their talents off. A player that really caught Damola

Raheem Anthony, 6'4, 220 LB, was the first athlete on board here at MOLSPORTS. Raheem Anthony graduated from DePaul Prep and is now in his Junior year, playing guard at the Saint Mary University of Minnesota. Anthony's averaged 18.4 points, 3.1 assists, 6.6 rebounds, 3.0 steals per game throughout the season. The MOLSPORTS team hopes to see Raheem continue to work hard and to have him at future events.
