

## LAWLESS DOUBLEHEADER SUCCESSFUL!

**LAWLESS:** Both of our hikes went very well! *Extra credit* to all who came to the first hike dressed for the weather. They were rewarded when inclement weather didn't fully materialize. The second hike was beautiful and we had a strong turnout. And thank you for the generous Jog Pot! Lawless officials were impressed!

**POKAGON:** Our next training hike will be **Saturday, April 18 at Pokagon State Park** near Angola, Indiana. Meet at the *Potawatomi Inn* lounge off the restaurant (west end) with modern toilets. **At 10:00 AM** there will be a course briefing. Hikes ranging from 5.0, 11.0 and 14.0 miles will start at 10:15 AM. There will be no Jog Pot as you will pay the park fee upon entrance. There will be a spring fed aid station at Spring Shelter at the 4.4 mile mark. This might be a good time to test your Lifestraw, Sawyer or other water filtration system.

**DIRECTIONS:** *Potawatomi Inn*, 6 Lane 100 A Lake James, Angola, IN [I-94 east, south on I-69, west on IN127 (first exit), follow park signs.] Park in lot north of or west of the Inn.

**REHYDRATION STATION:** TBA at course briefing.

**“Hey Dad, your itinerary looks great. Just make sure they do a lot of vertical training to prepare for the Enchantments!”**

**Jake Gunn**
