She is passionate about strengthening compliance, quality, and medical staff governance while supporting teams across more than 31 ASCs nationwide.

What's a professional accomplishment you're proud of?

Serving as President of AAMSS this past year and continuing to support the organization through volunteer efforts has been a meaningful highlight of her career.

How has AAMSS supported your career?

Through leadership opportunities, networking, and collaboration, AAMSS has been an integral part of Sheree's professional journey.

🌵 Fun & Personal

Arizona Native or Transplant?

Arizona Native, Native American originally from the Four Corner region

Favorite Show/Movie?

Sixteen Candles hands down! Classic '80s vibes, great soundtrack, and Molly Ringwald at her best.

Favorite Arizona Spot:

Sedona is my go-to Arizona spot. Whether it's hiking, exploring, or just soaking in the creek, there's just nothing like it.

Favorite Activity?

Hiking! There's something about being on a trail, surrounded by nature, that helps me clear my head and feel grounded.

Fun Fact (something most don't know about me)?

Most people don't know that I joined 'Disney on Ice' right after high school and spent five unforgettable months across the country with amazingly talented skaters. It felt like running away to the circus—in the best possible way—and it's what sparked my lifelong love of exploring new places.

Help us celebrate Sheree in the comments! 🍷
