Welcome to the 2021/2022 edition of our contract furniture directory. We have created a range of furniture tailored to suit a variety of contract interiors, from high-end student accommodations to boutique hotel bedrooms. Trusted pieces, that look good and are built to last.

ORDERING WITH US

ORDER PLACEMENT

- Ordering online with us, through our user-friendly site, makes frequent or recurring orders faster and easier to manage. Just like a customary online transaction, you select the product and the quantity before adding it to your basket. But unlike any run of the mill online order, you won't be invoiced or charged for this transaction.
- Your online basket functions as a request for quotation, which is then forwarded to a member of our team who will provide you with a bespoke quotation in order to offer you the most competitive pricing.
- Please note, requests for quotation submitted online are priced using standard product in standard finishes.
- For bespoke products, contact us via phone or through the contact form on our website. Once we've received your specifications a bespoke quotation is created and shared with you by a member of our sales team.

PRODUCTION

Once you have placed your order we begin the manufacturing process. Lead times for production are dependent on the scale and specifics of the product and project, please refer to the product page, price list or contact the team for more information. The team will keep you updated with the progress of your order throughout the production process.

DELIVERY & INSTALLATION

Every item leaving our factory is clearly labelled to facilitate shipping, customs and installation requirements at the destination. We ensure that all our furniture is delivered and installed in pristine condition with our own managed delivery service.

Our expertly trained installation teams oversee everything from the moment the products arrive at our international distribution centres. They are on hand to ensure that every single item is handled with due care and attention before, during and after installation.

If you have any queries or require help with your quote or order, please contact us on 0207 731 3460 or sales@distinctiongroup.com
