# Built to simplify the complex

Rippling is an employee management system that connects all of your key business systems, from payroll, time and attendance, and everything in between. Manage and automate all of your employee records in one integrated, easy-to-use platform.

The best part? Rippling scales with you, so you don't need to worry about outgrowing yet another payroll system.

Payroll so quick, it feels like magic

Initiate your pay period

Run payroll when it makes sense for your business, wherever your employees are. Auto-approve or set multiple pay schedules, up to you!

Queue magic behind the scenes

Our partners are here to double-check Rippling's work, but Rippling's automation ensures less time spent every pay run.

Review and approve

Instantly spot changes from the last pay run, and approve payroll in seconds.

PLUS: Multiple EIN support, multistate taxation management, end-to-end contractor management, and international payments

All the tools you need, nothing you don't

| Time & Attendance | Devices & Apps | Benefits | Learning Management System | Hire & Manage Talent | Rippling PEO |

HAVE HR TOOLS THAT YOU LOVE? Rippling integrates with over 500 apps for everything from 401k to performance management, so you can continue to use the programs you love.
