

General Neurology Award

Sponsored by the American Academy of Neurology.

Sally Harris, MD, FAAN

Sandia Neurology PC

WHY THE RECIPIENT WAS CHOSEN: We are excited to present Dr. Harris with the first General Neurology Award. As a dedicated clinician, teacher, innovator, advocate, and leader, she exemplifies the qualities of a general neurologist. It is our pleasure to give this award to someone who gives so much to others.

THANK YOU STATEMENT: I am deeply honored to accept this award on behalf of all general neurologists. I am grateful that the AAN recognizes the role we generalists play in delivering accessible care. It has been a privilege to develop long-term relationships with many patients. I see their remarkable grace as they live their lives in the face of illness. I thank the AAN for this award and dedicate it to my patients who showed me what it means to be a general neurologist.
