

We Buy Old X-Ray Film - Hassle-Free HIPAA-Compliant Service

Looking to Dispose of Old X-Ray Films? We've Got You Covered!

Are you navigating the challenge of safely disposing of old x-ray film? We're here to help. Our services are designed to make the process simple, secure, and highly rewarding for you.

Why Choose Us?

- **HIPAA Compliance:** We adhere to all regulations under the Health Insurance Portability and Accountability Act (HIPAA), ensuring strict confidentiality and secure handling of your x-ray films. Your sensitive information is in trusted hands.
- **Certificate of Destruction:** For your peace of mind, we provide an official Certificate of Destruction. This document guarantees that your x-ray films have been properly handled and disposed of according to legal and environmental standards.
- **Best Prices in the Market:** We offer competitive rates for your old x-ray films. Maximize the value of your disposal while simplifying your process.
- **Free Pickup and Removal:** Convenience is key. We will come to your location, pick up the x-ray films, and remove them at no charge to you. No hidden fees, no extra hassle.

How It Works

- **Step 1: Contact us to schedule a pickup at your convenience (732)515-8845 or (732)343-8480**
- **Step 2: Our team ensures the secure pickup and transfer of your x-ray films from your location**
- **Step 3: We provide you with a Certificate of Destruction as confirmation of proper disposal**
- **Step 4: Receive payment for your x-ray films at the best market rate**

Environmentally Responsible

Beyond compliance and convenience, we are committed to eco-friendly practices. By working with us, you contribute to the responsible recycling of x-ray film materials, reducing waste and supporting sustainability.
