You will notice I have broken up the increasing rounds. Breaking up the way we increase will keep our circle round. The odd rounds will end with an increase and the even rounds will begin and end with the same amount of Single crochets.

Crocheted piece measures approximately 3 ½ inches in diameter.

Slst to the next st, to finish. Fasten off leaving a long tail for sewing your pieces together.

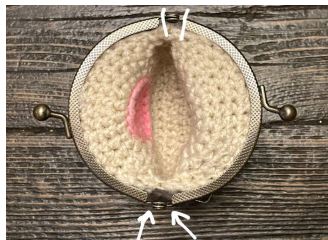

Construction:

Sandwich your pieces together, with the right sides facing in. Whip stitch the two pieces together leaving approximately 4 inches or 16 stitches unworked. Fasten off and sew in your ends.

Turn your piece right side out and Sew each side to the corresponding side of the kiss lock frame. When you reach the side pin, Sew one stitch on either side. *see image below

Image shows:

I Intentionally left the stitches unworked so you can see the gap. Add one stitch on either side where the arrows indicate.

Sew in your ends and you are all set!
