Assembly

Sew the 4 sides to the base piece. Work your needle through the back loop of the base and the front loop of the side panel, continue working through the back loop of the base and the front loop of the Side panel. This creates a nice edge and corner of the base.

When all 4 panels are connected to the base, one by one begin to sew the sides of the panels together. The sewn side will be on the outside.

Sew one side of the Lid to the back top edge of the assembled bin. Working through the back loop of the lid and the front loop of the bin. Working across the stitches. Sew in your ends.

Cut out a small square of cardboard and place it at the bottom of the bin. Fill halfway with stuffing.

Place the Bin insert into the bin, with the sides facing up. Sew the insert into the bin.

lastly, sew the wheels on to the back sides of the bin and sew the handle onto the backside top of the bin.
