

# RYSE CONSULTATION YOUR QUESTIONS

Thank you for attending Ryse's public consultation to construct its first state of the art hydrogen production facility in the UK in Herne Bay.

We hope that we have answered all of your questions and you have enjoyed meeting the project team. If you require further information, please do leave your questions below.

### Still have a question?

The application has now been submitted on Canterbury City Councils website. We would be delighted if you could leave your comments on the application by going to the link below:

<https://pa.canterbury.gov.uk/online-applications/applicationDetails.do?activeTab=makeComment&keyVal=Q3H7QHEA01N00>

Or alternatively you can scan the code on the right:

## Thank you!

**A modern state of the art renewable hydrogen facility in Herne Bay, that will tackle our local and national emission targets.**

For more information on the project, please visit the project website at: <https://rysehydrogencanterbury.co.uk>

Newington Communications has been asked by Ryse to keep a record of feedback to help understand the level of local interest in the facility. The personal data that you provide in this form (name, address, email, telephone) will be stored by us and may be passed on to Ryse for this purpose only. We are of the view that we have a legitimate interest in storing this information and passing this information on to Ryse for this specific purpose and are processing your data in accordance with the EU General Data Protection Regulation.

If you would like further information about our legitimate interest, or the ways in which we will process information, please contact Julia at [julia.raew@newingtoncomms.co.uk](mailto:julia.raew@newingtoncomms.co.uk). You are entitled to object to our processing your personal data. Please contact Julia at [julia.raew@newingtoncomms.co.uk](mailto:julia.raew@newingtoncomms.co.uk) if you wish to do so.
