

Email to elected officials. July 30, 2019

Hello,

I've been following what's going on and I'm not the least bit surprised. Of course, I begged that he not be hired. I warned that either bad things will happen or nothing would happen. Bad things have happened and in the area of economic development, not much has happened.

Losing any of our police officers isn't an option. Losing a Police Chief that is the best we've had in the 34 years I've been here isn't an option either. If I were them, I'd be gone.

I hope you all will do what's best for Lake Dallas.

Thank you,

Terry
